

MANUFACTURER REBATE COUPON

Expiration Date: NEVER

- 1 Be good to people.
- 2 Never, ever anger the Gods of Niceness.

THE FINE PRINT. This manufacturer rebate is redeemable anytime, anywhere. Once redeemed, it could take months or even years to receive your reward. If your reward never arrives, you have either a) failed to recognize it when it came knock-knock-knocking on your door or b) harbored ulterior motives that render this coupon ineffective until you stop being such a schmuck and get with the program already. For more information, visit SeeMeDesign.com or SeeMeDesign on facebook, pinterest and twitter (YES, all of them) and DannyBonvissuto.com, which will unleash its goodness on the web very soon. Just remember: You get what you pay for.
